

NU SKIN® 

## *Galvanic Spa System II*

With four interchangeable heads, the patented hand held Galvanic Spa System II smooths lines and wrinkles, rejuvenates your complexion, revitalizes your scalp, and eliminates cellulite using a low level galvanic (electric) current.

The gentle massaging action of each of the four attachments (face, spot treatment, body, scalp), combined with galvanic current, enhances circulation, cleanses, and facilitates the flow of vital nutrients to the dermis level of the skin.
